ARAZİ VE ARSA DÜZENLEMELERİ HAKKINDA YÖNETMELİK'İN 17.MADDESİNİN D FIKRASINA GÖRE HAZIRLANMIŞTIR.)

The diagram illustrates the relationship between two types of land boundaries. On the left, a rectangular box contains a dashed red line, representing a 'KADASTRO PARSELİ' (Cadastral Parcel). To its right, the text 'KADASTRO PARSELİ' is written. Below this, a second rectangular box contains a solid black line with a small black dot at its left end, representing a 'DÜZENLEME SINIRI' (Regulation Boundary). To its right, the text 'DÜZENLEME SINIRI' is written. The diagram shows that the 'DÜZENLEME SINIRI' is a more precise and legally defined boundary compared to the 'KADASTRO PARSELİ'.
